Dear Supervisors:

**APPROVE A CONTRACT WITH THE CALIFORNIA DEPARTMENT OF EDUCATION
AND AUTHORIZE CONTRACTS TO IMPLEMENT TRAINING AND SUPPORT
ACTIVITIES FOR CHILD CARE PROVIDERS
(ALL DISTRICTS) (3-VOTES)**

**JOINT RECOMMENDATION WITH THE CHILD CARE PLANNING COMMITTEE
THAT YOUR BOARD:**

1. Approve and instruct the Chairman to execute the contract with the California Department of Education/Child Development Division (CDE/CDD). This contract will fund a variety of training and support activities for child care center staff and licensed family child care providers throughout Los Angeles County. While the contract was received on October 9, 2007, the contract term is from July 1, 2007 through June 30, 2008 in the amount of \$4.25 million. The Office of Child Care (OCC), within the Service Integration Branch of the Chief Executive Office (CEO), will manage this contract on behalf of the County of Los Angeles Child Care Planning Committee (Planning Committee).
2. Adopt the resolution and delegate authority to the CEO, or his designee, to prepare and execute any and all documents, and contract amendments on behalf of the County as may be deemed necessary to effectuate the CDE/CDD contract. Approval as to form by County Counsel will be obtained prior to executing any amendments.

3. Delegate authority to the CEO, or his designee, to prepare and execute agreements substantially similar to the proposed Sample Agreement, for the contract term not to exceed one year, to implement the training, and support components of the CDE/CDD contract. The proposed training and support agreements will be with the following agencies: Child Development Institute in an amount not to exceed \$30,000; Prevent Child Abuse California in an amount not to exceed \$150,000; WestEd in an amount not to exceed \$44,000; and Los Angeles Community College Collaborative in an amount not to exceed \$35,000. In addition, a specific vendor(s) will be identified to provide management training to child care program administrators in an amount not to exceed \$15,000. Approval as to form by County Counsel will be obtained prior to executing the training and support agreements.
4. Delegate authority to the CEO, or his designee, to prepare and execute any and all amendments as may be deemed necessary for implementing the training and support agreements to increase the maximum contract sums by no more than 10 percent of each total contract amount, provided sufficient funding is available. Approval as to form by County Counsel will be obtained prior to executing any amendments.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The CDE/CDD contract is a one-time only augmentation to the Child Care Staff Retention/Training Program known locally as the Investing in Early Educators Program. This contract is intended to improve the quality of services offered in child care and development centers and family child care homes by improving the teaching and caregiving skills of individuals working in those programs. The training and support agreements are necessary to implement the training and support components of the CDE/CDD contract.

The OCC has been operating the Investing in Early Educators Program, with funding from CDE/CDD, since September 2001. Generally, 85 percent of previous contracts have been dedicated to cash stipends to qualified persons who complete at least one three-semester unit course related to child development or a degree, while working directly with children in CDE/CDD funded centers or other qualified programs. However, this one-time only contract is intended to augment the Investing in Early Educators Program by addressing a variety of key training needs identified by the Planning Committee, and by providing resources to implement quality improvements in qualified child care centers and family child care homes. These resources include reimbursement specified for substitute costs and stipends for qualified individuals and programs.

Formal approval of the CDE/CDD contract by your Board is required to receive funds from CDE/CDD.

Implementation of Strategic Plan Goals

The CDE/CDD contract supports the County's strategic goals related to service excellence, organizational effectiveness, and children and families' well-being by making a variety of training resources and support services available to child care centers and family child care homes.

FISCAL IMPACT/FINANCING

Approval of the attached CDE/CDD contract (Attachment I) will provide \$4.25 million to support a variety of training seminars, provide incentives to participate in the training, and realize program quality improvements in local child care centers and family child care homes in Los Angeles County. Funding is included in the CEO Fiscal Year 2007-08 Adopted Budget. Funds from the CDE/CDD contract will completely offset expenses related to its implementation, including the training and support agreements authorized hereunder.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Statewide, \$15 million were available for this one-time only augmentation of the Child Care Staff Retention/Training Program. CDE/CDD awarded funds to the child care planning councils in each county, based on a formula which uses the number of persons working in CDE/CDD funded child development centers. Los Angeles County's allocation is \$4.25 million.

The term of the CDE/CDD contract is July 1, 2007 through June 30, 2008. The delay in finalizing the State Budget impacted the processing of these contracts. Los Angeles County received the attached CDE/CDD contract documents on October 9, 2007.

Local child care planning councils throughout the State were required to submit a Staff Retention and Training Plan (Plan) by July 30, 2007. The Planning Committee submitted the Plan for Los Angeles County on July 5, 2007, and it was accepted by CDE/CDD. Key components of the Plan include training and support activities, substitute costs, and stipends.

- **Training and Support Activities**

With authorization from your Board, the CEO will establish agreements, substantially similar to Attachment III, for a contract term not to exceed one year with organizations possessing both content and unique training expertise in selected areas.

- The Child Development Institute (CDI) will provide up to three-full days of training and over 100 hours of consultation with child care centers and family child care providers on how to integrate specific developmental screening tools into their regular operations. CDI is qualified to provide the proposed training and support services because of its successful history of providing clinical services to children and families, along with training and on-site consultation to early childhood programs. In addition, CDI's approach to training on the use of developmental screening tools is done within the context of strengthening families. CDI is the only vendor that provides this unique combination of services. The cost for these services shall not exceed \$30,000.
- Prevent Child Abuse California (PCA CA) will conduct up to five ten-day training seminars on implementing the Preventing Child Abuse and Neglect (PCAN) curriculum, which utilizes the strengthening families model. PCA CA trainers are certified to train using the PCAN curriculum and are experienced in training both professionals and paraprofessionals. In addition to the training, PCA CA will facilitate quarterly networking sessions for training graduates to support this new approach to strengthening families. PCA CA's successful track record of training in the area of child abuse prevention, combined with their PCAN certification, makes them uniquely qualified to provide these services. The cost for these services shall not exceed \$150,000.
- WestEd will provide up to 64 hours of group training and six hours of on-site consultation for participating family child care providers. These sessions will be conducted in the Florence/Firestone and Antelope Valley areas and will focus on the Program in Infant Toddler Care (PITC) in Practice (PiP), which is the newest training package designed for family child care providers, including classroom training, reflective action planning, and on-site coaching of participants. WestEd is the only entity authorized by the CDE/CDD to provide PITC on-site training and technical assistance services for California's infant/toddler centers and family child care providers serving infants and toddlers. The cost for these services shall not exceed \$44,000.

- The Los Angeles Community College Collaborative (Collaborative), comprising the nine community colleges of the Los Angeles Community College District, will establish the local capacity to expedite the processing of Child Development Permits and align child development coursework across the district. In addition, the Collaborative will integrate *Desired Results R and/or R2* into the course outlines for observation and assessment courses for child development students, as well as provide two professional development training sessions for child development practitioners on *Desired Results: Linking Theory to Practice*. The Collaborative is the only source approved by the CDE/CDD to process child development permit applications, aside from the Commission on Teacher Credentialing (CTC) in Sacramento and the Child Development Training Consortium. The Collaborative is well suited to provide these services considering over 80 percent of all personnel working in child development programs in Los Angeles County are trained through the community college system. The cost for these services shall not exceed \$35,000.
- A specific vendor(s) has not yet been identified to provide administrative training to child development program managers to plan, implement, and sustain practices which enhance their ability to attract and retain qualified teaching staff. Efforts are underway to identify a trainer who can address legal and programmatic issues related to successful employee recruitment, supervision, and evaluation, as well as techniques for building a positive work environment. Given the diversity of the child care provider community, the vendor(s) will need to approach these issues from multiple perspectives, including public agencies, for-profit organizations, and not for-profit organizations. The vendor(s) will be expected to provide three-full days of training, for a cost not to exceed \$15,000. Once identified, your Board will be notified of the vendor(s).

- **Substitute Costs and Stipend Payments**

Programs will be reimbursed for substitute costs incurred so that teaching staff can participate in training sponsored by the OCC. Stipends will be paid to individuals pursuing certain types of training, and programs will be eligible for quality improvement stipends.

- Reimbursement for substitute costs, so family child care providers and classroom teachers can participate in training activities.

- Stipends to qualified early educators who pursue college course work related to child development or leading to a degree in child development or closely allied field.
- Stipends to early educators who participate in qualified non-credit bearing training sessions.
- Stipends to child development centers, Family Child Care Home Education Networks, and individual family child care homes participating in the Steps to Excellence Project (STEP). These stipends will be based on program quality improvement plans which are directly linked to the STEP rating criteria. In early 2008, OCC will submit a Board letter seeking your authorization to issue specific awards to individual programs.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The results of the California Early Care and Education Workforce Study, conducted in 2006, revealed that turnover rates in CDE/CDD funded centers were 9 percent, compared with 18-22 percent for non-subsidized programs. Non-subsidized programs were also found to pay substantially lower salaries (\$13.70 per hour, compared to \$17.35 per hour) and require significantly lower academic qualifications for teachers (12 units in Child Development compared to 24 units in Child Development, plus 16 units of General Education). These results, while consistent with previous research, were particularly troubling, because:

- High staff turnover has been shown by a variety of studies to undermine child care program quality;
- Large numbers of low-income, vulnerable children receiving CalWORKs or other voucher type subsidies do not have access to the more stable, CDE/CDD funded programs; and
- Poor quality child care services are not able to reduce the “achievement gap” that emerges at kindergarten entry, nor are they able to support the development of strong healthy families.

In December 2006, your Board adopted STEP, a child care quality rating and support program developed by the County of Los Angeles Policy Roundtable for Child Care. STEP defines specific measures of quality for six areas of child care center and family child care home operations. STEP is targeted to licensed child development centers

and family child care homes serving children from birth through five years of age, in selected pilot communities of Los Angeles County.

Implementation of the CDE/CDD contract will make training and technical assistance available to child care operators who are intent on improving the quality of services available to children and families in the County. It will also provide program quality incentives to child care centers and family child care homes located within the STEP pilot communities.

CONCLUSION

Upon approval by your Board, our Office respectfully requests that your staff provide two original signatures on the attached contracts, two original signatures on the resolution (Attachment II), and one approved copy of the Board letter to the Chief Executive Office, Service Integration Branch, Office of Child Care, 222 South Hill Street, 5th Floor, Los Angeles, CA 90012. Copies will be forwarded to CDE/CDD as required.

Respectfully submitted,

WILLIAM T FUJIOKA

Upon receipt of a notice of intent to terminate, the CDD will transfer the

The State shall only be obligated to compensate the contractor for net reimbursable program costs in accordance with this contract through the date of termination. There shall be no other compensation to the contractor. The State shall offset any monies the contractor owes the State against any monies the State owes under this contract.

The CDE/CDD shall notify contractors in writing of changes in laws or regulations prior to the effective date or as soon as possible after enactment. If any laws or regulations are changed substantially during the contract period, the contractor shall have the option to discontinue performance and be relieved of all obligations for further performance.

The contractor has thirty (30) calendar days from receipt of notification of pending changes to notify the CDD in writing of the contractor's intent to terminate if the required changes are unacceptable to the contractor. The contract shall be deemed terminated sixty (60) calendar days after receipt of the notification of the intent to terminate.

G. Applicability of *Corporations Code*

Except for partnerships and sole proprietorships, private contractors shall be subject to all applicable sections of the *Corporations Code* including standards of conduct and management of the organization.

I. Continued Funding

Contractors have no vested right to a subsequent contract. Contractors that are not on conditional contract status but which have evidenced fiscal or programmatic noncompliance with the provisions of this contract, law or regulations shall receive an administrative review in accordance with Section IX.A below to determine whether they will receive an offer for continued funding.

Contractors currently on conditional status that do not meet the requirements specified in the Conditional Status Addendum, as specified in Section IX.C below, may not be offered a subsequent contract and shall be so notified by the CDD at least ninety (90) calendar days prior to the end of the current contract period.

Contractors that intend to accept the offer to continue services in the subsequent

contract period shall respond to a continued funding application request from the CDD in accordance with the instructions and timelines specified in the request. Failure to respond within the timelines specified in the continued funding application request shall constitute notification to the CDD of the contractor's intent to discontinue services at the end of the current contract period unless the contractor has received a written extension of the original timeline from the CDD.

J. Conflicts of Interest

For any transaction to which the contractor is a party and the other party is:

1. an officer or employee of the contractor or of an organization having financial interest in the contractor; or
2. a partner or controlling stockholder or an organization having a financial interest in the contractor; or
3. a family member of a person having a financial interest in the contractor, the transaction(s) shall be fair and reasonable and conducted at arm's length.

Based on corporate law (*Corporations Code*, sections 310, 5233-5234, 7233 and 9243 as applicable) the general rules that would be followed to ensure that transactions are conducted "at arm's length" include:

1. prior to consummating the transaction, the governing body should authorize or approve the transaction in good faith and the board should require the interested party, or parties, to make full disclosure to the board both in writing and during the board meeting where the transaction is being discussed; and
2. all parties having a financial interest in the transaction should refrain from voting on the transaction and it should be so noted in the board minutes.

If the transaction involves the renting of property, either land or buildings, owned by affiliated organizations, officers or other key personnel of the contractor or their families, the board of directors shall request the interested party to obtain a "fair market rental estimate" from an independent appraiser. If the contractor has no board or is a sole proprietor, the requirement for a "fair market rental estimate" shall also apply. The contractor has the burden of supporting the reasonableness of rental costs. If the property is owned by the contractor, rental costs are not reimbursable and costs may be claimed only as depreciation or use allowance. Any transaction described in this paragraph shall be disclosed by the auditor in the notes to the financial statement in the annual audit.

Rental costs for equipment owned by affiliated organizations, officers or other key personnel of the contractor or their families are allowable only as use or depreciation allowance.

K. Americans with Disabilities Act

By signing this contract, the contractor assures the CDE that it complies with the Americans with Disabilities Act (ADA) of 1990 (42 U.S.C. 12101 et seq.) which prohibits discrimination on the basis of disability, as well as all applicable regulations and guidelines issued pursuant to the ADA .

L. Air or Water Pollution Violations (*Government Code*, Section 4477)

By signing this agreement, the contractor swears under penalty of perjury that the

contractor is not:

1. In violation of any order or resolution not subject to review promulgated by the state Air Resources Board or an air pollution control district;
2. Subject to a cease and desist order not subject to review issued pursuant to Section 13301 of the *Water Code* for violation of waste discharge requirements or discharge prohibitions; or
3. Finally determined to be in violation of provisions of federal law relating to air or water pollution. This provision does not apply to public agencies.

M. Recycled Paper Certification (*Public Contract Code* Section 10233, 10308.5/10354)

The contractor agrees to certify in writing to the CDE, under penalty of perjury, the minimum, if not exact, percentage of post-consumer waste material as defined in *Public Contract Code*, Section 12200, in products, materials, goods or supplies offered or sold to the State regardless of whether the product meets the requirements of *Public Contract Code* Section 12209. With respect to the printer or duplication cartridges that comply with the requirements of *Public Contract Code* Section 12156(e), the certification required by this subdivision shall specify that the cartridges so comply.

N. Child Support Compliance (*Public Contract Code*, Section 7110)

For any agreement in excess of \$100,000, the contractor acknowledges in accordance with *Public Contract Code* 7110, that:

1. The contractor recognizes the importance of child and family support obligations and shall fully comply with all applicable state and federal laws relating to child and family support enforcement including, but not limited to, disclosure of information and compliance with earnings assignment orders as provided in Chapter 8 (commencing with Section 5200) of part 5 of Division 9 of the Family Code; and
2. The contractor, to the best of its knowledge, is fully complying with the earnings assignment orders of all employees and is providing the names of all new employees to the New Hire Registry maintained by the California Employment Development Department.

O. Unlawful Denial of Services (*Government Code*, Section 11135)

1. No person in the State of California shall, on the basis of race, national origin, ethnic group identification, religion, age, sex, color, or disability, be unlawfully denied full and equal access to the benefits of, or be unlawfully subjected to discrimination under, any program or activity that is conducted, operated, or administered by the state or by any state agency, is funded directly by the state, or receives any financial assistance from the state.
2. With respect to discrimination on the basis of disability, programs and activities subject to subdivision (a) shall meet the protections and prohibitions contained in Section 202 of the Americans with Disabilities Act of 1990 (42 U.S.C. Sec. 12132), and the federal rules and regulations adopted in implementation thereof, except that if the laws of this state prescribe stronger protections and prohibitions, the programs and activities subject to subdivision (a) shall be subject to the stronger protections and prohibitions.

As used in this section, "disability" means any mental or physical disability as defined in *Government Code* Section 12926.

P. Computer Software Copyright Compliance

By signing this agreement, the contractor certifies that it has appropriate systems and controls in place to ensure that state (general) and Federal funds will not be used in the performance of this contract for the acquisition, operation or maintenance of computer software in violation of copyright laws.

Q. Priority Hiring Considerations

If the contract includes services in excess of \$200,000, the contractor shall give priority consideration in filling vacancies in positions funded by the contract to qualified recipients of aid under the *Welfare and Institutions Code* Section 11200 in accordance with Public Contract Code 10353.

R. Labor Code/Workers' Compensation

Contractor needs to be aware of the provisions which require every employer to be insured against liability for Worker's Compensation or to undertake self-insurance in accordance with the provisions, and Contractor affirms to comply with such provisions before commencing the performance of the work of this Agreement. (*Labor Code* Section 3700)

S. Corporate Qualifications to do Business in California

1. When agreements are to be performed in the state by corporations, the contracting agencies will be verifying that the contractor is currently qualified to do business in California in order to ensure that all obligations due to the state are fulfilled.
2. "Doing business" is defined in *Revenue and Taxation Code (R&TC)* Section 23101 as actively engaging in any transaction for the purpose of financial or pecuniary gain or profit. Although there are some statutory exceptions to taxation, rarely will a corporate contractor performing within the state not be subject to the franchise tax.
3. Both domestic and foreign corporations (those incorporated outside of California) must be in good standing in order to be qualified to do business in California. Agencies will determine whether a corporation is in good standing by calling the Office of the Secretary of State.

III. FACILITIES AND EQUIPMENT

A. Depreciation and Use Allowance

Taxes, insurance and maintenance may be claimed as part of actual and allowable costs for buildings or building improvements related to the child development program and equipment necessary for the operation of the program. Within the limits specified below, depreciation or use allowance may also be claimed. Depreciation shall not be claimed on land, donated assets or assets purchased with public funds, on any fully depreciated asset or on idle or excess facilities. A use allowance shall not be claimed on land or assets purchased with contract funds or on assets for which depreciation has been claimed.

Depreciation is a cost in the current fiscal year based on acquisition costs, less any estimated residual value, computed on a straight line method from the original date of acquisition (based on the normal, estimated useful life expectancy of the asset). When depreciation is applied to assets acquired in prior years, the annual charges shall not

exceed the amounts that would have resulted had depreciation been claimed from the date of acquisition.

A use allowance is the alternate method for compensation when depreciation costs are not claimed. The use allowance for buildings and improvements is computed at an annual rate not to exceed two percent (2%) of acquisition costs. The use allowance for equipment is computed at an annual rate not to exceed six and two-thirds percent (6-2/3%) of acquisition costs.

B. Capital Outlay

Capital outlay expenditures are those that result in the acquisition of or additions to capital assets. Capital outlay expenditures are subdivided into two categories:

1. Sites and improvement of sites; buildings; improvement of buildings; building fixtures; and services systems; and
2. Equipment which includes personal property of a relatively permanent nature and/or of significant value. (See the California School Accounting Manual for categorization of various items.)

Capital outlay expenditures for category (1) are only reimbursable as depreciation or use allowance. Capital outlay expenditures for licensable facilities in the community served by the program are reimbursable as lease payments, down payments, payments of principal and interest on loans incurred to acquire, rehabilitate or construct licensable facilities as long as the costs do not exceed fair market rents existing in the community in which the facility is located. In addition, to be reimbursable, interest paid on private sector debt for the purchase, lease-purchase, repair or renovation of child care and development facilities owned or leased by contractors providing center-based care must not exceed the value obtained by the state in the use of the facilities for the child care and development program during the year.

Federal funds cannot be used for the purchase or improvement of land, or for the purchase, construction, or permanent improvement of any building or facility. However, the federal funds may be expended for minor remodeling, and for upgrading child care facilities to assure that provider meets State and local child care standards, including applicable health and safety requirements.

C. Equipment Bidding and Approval Requirements

All equipment purchases in excess of seven thousand five hundred dollars (\$7,500) per item (including tax) shall be approved in writing in advance by the CDD. In determining if an equipment purchase exceeds the threshold, all expenses associated with a purchase that are necessary for it to perform the intended purpose should be included in calculating the purchase cost. Example: A computer system could include, but is not limited to, individual items such as a central processing unit (CPU), computer monitor, computer stand, modems, disk drives, software, printer, etc. or hardware and software to install a local area network (LAN) system; and

For private agencies, all equipment purchases exceeding five thousand dollars (\$5,000 including tax) will not be approved unless at least three (3) bids or estimates have been obtained. The contractor shall purchase the goods or services from the lowest responsible bidder. If three (3) bids or estimates cannot be obtained, the contractor shall provide adequate documentation of the reason(s) why three (3) bids or estimates could not be obtained (e.g., emergency situations). Public agencies shall comply with

applicable sections of the Public Contract Code. Bids, if applicable, shall be attached to the Request for Approval of Equipment (CD-2703) when submitted to the CDD for approval. One copy of the request shall be retained by the CDD and one copy returned to the contractor approved or disapproved within thirty (30) calendar days of receipt. If the request for approval of an equipment purchase is disapproved, the contractor may appeal the decision in accordance with instructions specified in Section X. below.

Equipment replacement and lease-purchase agreements are subject to the above requirements. An inventory of all equipment shall be maintained.

D. Equipment Inventory

Property records must be maintained that include a description of the equipment, serial number or other identification number, the source of the equipment, the acquisition date, the cost of the equipment, the location, use and condition of the equipment and any ultimate disposition date including date of disposal and sale price if applicable. A physical inventory of equipment must be taken at least every two years and reconciled with property records. A control system must be developed to ensure adequate safeguards to prevent loss, damage or theft (any loss, damage or theft must be investigated) and adequate maintenance procedures must be developed to keep the equipment in good condition.

E. Title, Use, Disposition and Retention

1. Title. When equipment is purchased with State funds, title shall vest in the contractor only for such period of time as the contractor has a contract with the CDE.
2. Retention of Equipment. The CDD may provide written authorization for the contractor to retain the equipment for the contractor's own use if a fair compensation is paid to the State for the State's share of the cost of the equipment. Fair compensation shall be determined by the State using the State's share of original acquisition cost, less depreciation, computed on a straight-line method over the estimated useful life expectancy of the equipment.
3. Use. When equipment is purchased in whole or in part with State funds, the contractor shall use the equipment exclusively in the program(s) from which funds were used to purchase the equipment. If the contractor wishes to share the use of the equipment between/among two (2) or more programs, the cost of such equipment shall be prorated between/among the programs.
4. Disposition. The contractor may dispose of obsolete equipment and remove the asset at its recorded value. If the sale of equipment originally purchased with State (general) funds occurs, the proceeds from the sale of the equipment must be returned to the program. If the contractor no longer has a contract with the CDE, the contractor shall dispose of the equipment in accordance with written directions from the CDE/CDD.

IV. SUBCONTRACTS

A. Subcontracts Excluded from Requirements of this Section

The following types of relationships are not subject to the requirements contained in Section IV:

1. Employment agreements;
2. Facility rental or lease agreements;

3. Medical or dental service agreements;
4. Bookkeeping/auditing agreements, except for Section IV.B, below;
5. Janitorial and grounds keeping agreements;
6. A subcontract with a public agency; and
7. Subcontracts with an individual for less than ten thousand dollars (\$10,000), except for Section IV.B, below.

However, no subcontract shall in any way relieve the contractor of any responsibility for performance under this contract.

All subcontracts, rental agreements, and other contractual arrangements should include a termination for convenience clause permitting termination of such agreements without cost to the contractor.

B. Bids for Subcontracts

Private contractors shall obtain at least three (3) bids or estimates for subcontracts that exceed five thousand dollars (\$5,000). The subcontract shall be awarded to the lowest responsible bidder. If three (3) bids or estimates cannot be obtained, the private contractor shall:

1. Maintain documents in its records that establish the reasons why three (3) bids or estimates could not be obtained; and
2. The reasonableness of the proposed expenditure without three (3) bids or estimates.

Subcontracts subject to the approval of the CDD shall be rebid at least once every three (3) years or more often if specified by the CDD in its annual approval of the subcontract. Public agencies shall award subcontracts in accordance with the *Public Contract Code*. The contractor shall not split subcontracts to avoid competitive bidding requirements.

Subcontracts for direct child development services between a public agency contractor and a private subcontractor are exempt from bidding but not from advance approval by the CDD if they are for ten thousand dollars (\$10,000) or more.

Subcontracts for auditing and/or bookkeeping services shall be rebid and changed every five (5) years unless retention of the same auditor is approved by the A&I.

C. Prior Child Development Division Approval

If directed by CDD, contractors will obtain prior written approval from the CDD for subcontracts of ten thousand dollars (\$10,000) or more that are otherwise not excluded from the provisions of Section IV.A above.

Prior to execution of a subcontract and commencement of work, the contractor shall submit two (2) copies of the proposed subcontract to the CDD for approval, including a proposed line-item budget which shows the costs of the services to be performed. The budget for a proposed subcontract for renovation and repair shall show the total cost of labor and the total cost of materials. Bids, if applicable, shall be submitted to the CDD when requesting approval. If three (3) bids were not obtained, the contractor shall provide written justification when the subcontract is submitted to the CDD for prior approval. Contractors shall demonstrate that approval of the subcontract is cost effective to the State. For proposed renovation and repair subcontracts, private agencies shall include documents showing that the bidder selected by the contractor

has obtained a payment bond in an amount not less than one-half (1/2) the amount of the proposed subcontract. Requests for approval of subcontracts for transportation services shall include a Certificate of Insurance for the subcontractor in an amount not less than \$1 million per occurrence (or a greater amount if required by the Public Utilities Commission regulations), listing the contractor and the State as additional named insured.

One copy of the subcontract will be retained by the CDD and the other copy returned to the contractor approved or disapproved within thirty (30) calendar days of receipt of all required documents. No reimbursement shall be made to the contractor or subcontractor for work performed prior to CDD approval. A disapproved contract will include a statement of the reason(s) for not approving the subcontract. If the request for approval of a subcontract is denied, the contractor may appeal the decision in accordance with instructions specified in Section X. below.

The State does not assume any responsibility for performance of approved subcontracts nor does the State assume responsibility for any unpaid debt of the contractor resulting from subcontracting liens.

Subcontracts which increase the contractor's cost of performance are nonreimbursable. Subcontracts which contain a provision for reimbursement for cost-plus-a-percentage-of-cost are not reimbursable.

D. Required Subcontract Provisions

Every subcontract shall specify:

1. The dates within which the subcontractor is to perform the contract. The time for subcontractor performance shall not begin prior to, nor shall the time extend beyond, the time period of the contract between the contractor and the State.
2. The dollar amount of the subcontract or specify an amount not to exceed a maximum dollar amount.
3. The service(s) to be provided under the subcontract.
4. The responsibilities of each party under the subcontract.
5. That the subcontractor, and the agents and employees of the subcontractor, in the performance of the subcontract, are acting in an independent capacity and not as officers or employees or agents of the State of California.
6. That modifications of the subcontract shall be in writing, and that for subcontracts in excess of the amount stated in the annual child development contract, prior written CDD approval is required unless the subcontract is otherwise exempt from prior CDD approval.
7. That the subcontract is the complete and exclusive statement of the mutual understanding of the parties and that the subcontract supersedes and cancels all previous written and oral agreements and communications relating to the subject matter of the subcontract.
8. Remedies, in case of a breach of contract, for subcontracts in excess of ten thousand dollars (\$10,000).
9. That the State of California retains title to any equipment or supplies purchased with State funds and that the equipment shall be returned to the contractor upon termination of the subcontract. The subcontract shall also specify that the subcontractor shall obtain prior written approval from the contractor and the CDD for any unit of equipment that costs in excess of seven thousand five hundred dollars (\$7,500).
10. That the subcontractor shall be reimbursed for travel and per diem expenses only at rates that do not exceed the rates paid to the CDE's non-represented employees

computed in accordance with State Department of Personnel Administration regulations, Title 2 California *Code of Regulations*, Subchapter 1.

11. That the subcontractor agrees to indemnify and hold harmless the State of California, its officers, agents and employees from any and all claims and losses occurring or resulting to any and all contractors, subcontractors, materialmen, laborers and any other person, firm or corporation furnishing or supplying work, services, materials or supplies in connection with the performance of the subcontract, and from any and all claims and losses occurring or resulting to any person, firm or corporation that may be injured or damaged by the subcontractor in the performance of the subcontract.
12. For management and/or direct service subcontracts, the subcontractor shall maintain records for program review, evaluation, audit and/or other purposes and make the records available to agents of the State for a period of five (5) years.
13. The provisions of the "Nondiscrimination Clause" included in the prime contract as specified in Title 2 California *Code of Regulations*, Chapter 5, Section 8107.

E. Recommended Subcontract Provisions

The following items are suggested for inclusion in subcontracts to protect the interests of the contractor:

1. Funding of the subcontract should be made subject to the appropriation and availability of funds from the State.
2. All subcontracts should contain a provision that the subcontractor is liable for any audit exception caused by, or as a result of, the subcontractor's lack of performance as required by the subcontract.
3. The subcontract should provide that the subcontractor, its agents and employees, in the performance of the subcontract, are acting in an independent capacity and not as agents or employees of the contractor.
4. Unless exempt from CDD approval above, subcontracts for ten thousand dollars (\$10,000) or more cannot become effective and binding on either the prime contractor or the subcontractor until approved in writing by the CDD, and any work performed by the subcontractor prior to the date of such approval shall not be used as a claim against the State.
5. The consideration paid to the subcontractor, as provided in the subcontract, should be stated to be the full compensation for all the subcontractor's expenses incurred in the performance of the subcontract.

F. Audit Requirements for Subcontracts

Subcontracts for management and/or direct services shall be audited in accordance with the CDE Audit Guidelines. The cost of the audit shall be reimbursable and shall be borne by the contractor either directly or as an allowance in the subcontract. The audit of the subcontract shall be submitted to the A&I along with the contractor's audit as specified in Section VI.E below.

V. COSTS AND REIMBURSEMENTS

A. Reasonable and Necessary Costs

Contractors will be reimbursed for actual costs that are reasonable and necessary to the performance of the contract as defined in Section I above. The funds apportioned by CDE to the LPC must be used to supplement and not supplant any local efforts to increase collaboration of child care agencies and children's service interest groups that may already be in place.

B. Indirect Costs

If indirect costs are claimed, an indirect cost allocation plan must be on file with the contractor and available for review by the CDD and auditors. The maximum indirect cost rate is eight percent (8%). This rate is applied to budget categories 1000-5000 only in determining the maximum amount of indirect costs that are reimbursable under the contract. School districts and county offices of education shall use the CDE approved rate if it is less than eight percent (8%).

The amount of cost allocable to this contract shall not exceed the benefits to this contract. The allocation method must quantify this benefit among all similar programs and then distribute the costs accordingly.

The indirect cost rate shall not include consideration of any costs otherwise nonreimbursable. If a depreciation or use allowance is included in the indirect cost rate, such allowance shall not be claimed on the asset.

C. Administrative Costs

Contractors may claim administrative costs as defined in Section I above which are directly related to the provision of child care and development services.

Reimbursement of administrative costs shall not exceed fifteen percent (15%) of net reimbursable program costs or actual administrative costs, whichever is less. The fifteen percent (15%) includes any allowance for indirect costs and audits. Contractors shall maintain written documentation of the rationale used in determining direct and administrative costs.

D. Costs for Travel and Per Diem

Contractors and subcontractors shall be reimbursed for travel and per diem expenses at rates not exceeding those amounts paid to the CDE's non-represented employees computed in accordance with State Department of Personnel Administration regulations, Title 2 California *Code of Regulations*, Subchapter 1. Contractors with collective bargaining agreements allowing higher rates of reimbursement shall not pay the difference out of contract funds. The CDD shall notify the contractor of a change in expense rates within thirty (30) calendar days after the CDD has received notification of a change in rates from the State Department of Personnel Administration.

1. Contractors shall be reimbursed for out-of-state travel expenses only with prior written approval from the CDD. The CDD shall not approve out-of-state travel expenses:
2. For more than one employee per contract per year;
3. For contractors with delinquent accounts payable which are delinquent more than ninety (90) calendar days after the date of the original invoice;
4. For contractors on conditional status;
5. When there is no clear benefit to the State; or
6. When the benefit to the State can be obtained within California.

The CDD shall approve or deny the request for out-of-state travel within thirty (30) calendar days of the receipt of the request. If the request is denied, the contractor may appeal the decision in accordance with instructions specified in Section X below.

E. Specific Items of Reimbursable Costs

Reimbursable costs include, but are not limited to, the following:

1. Administrative costs as specified in Section V.C above.
2. Employee compensation, including fringe benefits, and personal service contracts.
3. Equipment and equipment replacement with prior CDD approval if required in Section III.C above.
4. Taxes, insurance, and maintenance for building and/or equipment.
5. Depreciation based on the useful life of an asset in accordance with Section III.A above.
6. A use allowance for buildings and improvements in accordance with Section III.A above.
7. Travel and per diem expenses, including approved out-of-state travel, in accordance with Section V.D above.
8. An indirect cost rate based on an approved indirect cost plan, in accordance with Section V.B above.

F. Nonreimbursable Costs

The following costs shall not be reimbursable under the child development contract:

1. Bad debts, including losses arising from uncollectible accounts and any related legal costs. Uncollected parent fees are not considered to be bad debts if documentation of collection attempts exists;
2. Contributions;
3. Costs of amusement or entertainment;
4. Costs of fines or penalties;
5. Costs incurred after the contract has been terminated;
6. Fund raising costs;
7. Consumer interest except:
 - a. interest on borrowed funds when apportionments are withheld because of a delay or error attributable to the State and the amount of interest claimed is approved by the CDD; or
 - b. when interest is part of a lease purchase agreement;
8. Investment management costs;
9. Costs of organization of a nonprofit corporation such as incorporation fees or consultant fees;
10. Public relations consultant fees;
11. Costs of legal, consulting and accounting services incurred in prosecution of claims against the State;
12. State and federal income taxes;
13. Bonuses unless part of a collective bargaining agreement;
14. Compensation to the members of the board of directors except for:
 - a. reimbursement for travel and/or per diem, computed in accordance V.D above, incurred while the members are conducting business for the organization; and
 - b. as provided in the Corporation Code, Section 5227, et seq.;
15. Costs of subcontracts which increase the contractor's cost or subcontracts which contain a provision for reimbursement for cost-plus-a-percentage-of-costs;
16. Costs incurred in prior or future years.

G. Charging of Expenditures

Net reimbursable program costs must be incurred during the contract period. Contractors shall not use current year contract funds to pay prior or future year obligations. However, the cost of the annual independent audit may be claimed either in the contract period which was the subject of the audit or during the contract period in which the audit is completed.

H. Recoupment of Advanced Contract Funds

The CDE shall recoup any payments made for costs which were not reasonable and necessary. The amount that is recouped shall be the excess payment over the reasonable or fair market value, or one hundred percent (100%) of the cost, if the cost was not necessary. The CDE may elect to recover any costs of recoupment, including collection services or attorney fees.

I. Determination of Reimbursable Amount

Contractors shall be reimbursed for an audited claim that is the least of the following:

1. The maximum reimbursable amount as stated in the annual child development contract
2. The actual and allowable net costs

J. Reduction, Withholding, and Canceling Apportionments to Contractors

The CDE shall reduce, withhold or cancel any scheduled apportionment when one or more of the following conditions exist:

1. The contractor has not submitted an acceptable audit for any prior year of operation on or before the date due.
2. The contractor has not submitted the reports required by Section VI below on or before the date due.
3. The contractor will not earn the full contract amount based on the current year projected net reimbursable program costs as determined by the CDFS.
4. A creditor of the contractor has placed a lien on the contractor's scheduled apportionments.
5. The contractor has accounts payable which are: (a) more than ninety (90) days delinquent to the CDE and (b) not under appeal as specified in either Section VIII.A or Section X below.

If any apportionment is to be reduced, withheld or cancelled, the CDE shall provide the contractor prior written notice of the intended action.

K. Order of Expenditure

Expenditure from the Child Development Fund established pursuant to Section VI.B below shall occur in the following order:

1. Fees collected from parents of certified children shall be first in and first out.
2. State or federal contract funds apportioned by the CDE shall be second in and second out.
3. Interest received on advanced contract funds shall be last in and last out.

VI. ACCOUNTING AND REPORTING REQUIREMENTS

A. General Requirements

Contractors shall follow the accounting procedures specified in the most recent edition of the California School Accounting Manual. Contractors shall report expenditures on an accrual basis.

B. Child Development Fund and Interest Bearing Accounts

All contractors shall establish a fund to be known as the "Child Development Fund" as specified in *Education Code*, Section 8328, except that private contractors shall establish the fund in a federally insured banking institution located in California. Contractors with multiple fund sources shall establish separate program cost accounts for each source of funds.

If the contractor places advanced contract funds in an interest bearing account, the interest bearing account shall be a separate account within the Child Development Fund. Interest earned shall be retained by the contractor if it is expended on reimbursable costs.

C. General Record Keeping Requirements

All records shall be retained for a minimum period of five (5) years. Claims for reimbursement shall not be paid unless there are documents to support the claims. The contractor has the burden of supporting claims for reimbursement.

If the contractor has more than one CDE program, then the method used to allocate administrative costs must be documented.

If an individual is multi-funded on a time accounting basis, then the individual's time sheet must indicate the actual amount of time spent in each program per day.

State employees or representatives shall be allowed access to all program related or fiscal records during normal work hours.

D. Other Report Data

Contractors shall submit statistical, cost and program data as requested by the CDE in order for the CDE to prepare various legislatively mandated reports, to meet state and federal reporting requirements and for the effective administration of child care and development programs.

Contractors submitting data to the CDE will include a certification that the data are correct and complete, and the signature of the person authorized by the contractor to certify the data. The signature may be electronic as specified by the CDE.

Contractors shall submit complete, accurate data to the CDE by the data specified, and as specified, in the CDE's request for this information. Incomplete, inaccurate, or incorrectly formatted reports, and reports not received by the required date shall be considered delinquent. Penalties for delinquent reporting are specified in Section V.J. above.

E. Audits and Auditors

Contractors shall submit to the CDE's and Investigations Division (A&I) an acceptable annual financial and compliance audit. All audits shall be performed by:

1. a Certified Public Accountant who possesses a valid license to practice within the State of California;
2. a Public Accountant licensed on or before December 31, 1970 and currently certified and licensed by the State of California; or
3. a member of the CDE's staff of auditors. Public agencies may have their audits prepared by in-house auditors if the public contractor has internal audit staff that performs auditing functions and meets the tests of independence found in the Government Auditing Standards issued by the Comptroller General of the United States.

Non-school district contractors shall submit the audit for the 2006-2007 contract periods by the 15th day of the fifth month following the end of the contractor's fiscal year, or earlier if specified by CDE (audits of community college districts shall be submitted by December 31, 2007). If a contractor receives less than twenty-five thousand dollars (\$25,000) per year from any state agency, the audit shall be conducted and submitted biennially, unless there is evidence of fraud or other violation of state law in connection with the contract.

In addition to the audit required by the preceding paragraph, non-school district contractors shall also submit an audit for the current year's contract period by the 15th day of the fifth month following the end of the contractor's fiscal year, or earlier if specified by the CDE, unless the contract is terminated during the contract period, in which case the audit required under this paragraph shall cover the period from the beginning of the contract through the date of termination.

The audits for school districts and county offices of education for FY 2006-2007 shall be submitted to the State Controller and the A&I by December 15, 2007 in accordance with *Education Code* Section 41020 and extensions shall only be granted in accordance with *Education Code* Section 41020.2.

Private agencies (including proprietary entities) that expend \$500,000 or more in total federal funds are required to have an Organization Wide Audit (OWA) performed in accordance with OMB Circular A-133 and the "Audit Guide for Audits of Child Development and Nutrition Programs" prepared by CDE's A&I. Governmental and other public agencies (excluding school districts, county offices of education and community college districts) must comply with the requirements of OMB Circular A-128 and the CDE's "Audit Guide." All other agencies (excluding school districts, county offices of education and community colleges) must submit a contractor audit performed in accordance with the CDE's "Audit Guide."

Management subcontracts shall be audited in accordance with the requirements stated in Section IV.F above.

F. Review of Audit by the CDE's Audits and Investigations Division

The CDE's A&I shall conduct a review of the audit to determine whether the audit is acceptable and to determine the contractor's net reimbursable program costs. The A&I's determination of earnings shall be the final accounting of any amount payable to or receivable from the contractor pursuant to the contract.

The contractor may appeal the A&I's findings according to the procedures specified in Section VIII.A below if the amount of the demand for remittance meets or exceeds the threshold specified in *Education Code* Section 8402(c).

G. Delinquent Audits and One-Time-Only Extensions

If an audit is not received on or before the required due date and an extension has not been granted, the audit shall be considered delinquent and all apportionments shall be withheld as specified in Section V.J above.

Except for contractors on conditional status, the A&I may grant a contractor a one-time-only, thirty (30) calendar day extension of the audit due date provided the inability of the contractor to submit the audit by the due date was beyond the fault and control of the contractor.

Contractors shall be liable for all CDE costs incurred in obtaining an independent audit if the contractor fails to produce or submit an acceptable audit.

H. Bureau of State Audits

Contractors shall be subject to the examination and audit of the Bureau of State Audits for a period of three (3) years after final payment under this contract.

VII. CONTRACT CLASSIFICATIONS

A. Clear Status

Contractors that are in full compliance with applicable laws, regulations and contract provisions are awarded clear contracts.

B. Provisional Status

New contractors and contractors with new contracts shall be on "provisional" status (stamped on the face sheet of the contract) for a period of not less than twelve (12) months. Contractors on provisional status shall submit monthly fiscal reports to the CDFS

C. Conditional Status

Contractors receiving "conditional" contracts (stamped on the face sheet of the contract) shall be on conditional status until the CDE issues a contract rider formally clearing the contract as specified in Section IX.D below. While on conditional status the contractor shall submit monthly fiscal reports to the CDFS. The first monthly report shall include a current inventory of equipment purchased in whole or in part with contract funds.

VIII. TERMINATION, SUSPENSION AND MAJOR REDUCTIONS IN CONTRACT PAYMENTS

A. Independent Appeal Procedures

Pursuant to the requirements of *Education Code* Sections 8400 through 8409, an independent appeal procedure shall be available to any contractor whose contract is terminated or suspended, or whose total reimbursable contract amount is reduced by four percent (4%) or \$25,000, whichever is less. Such appeals shall be heard by

independent hearing officers in accordance with procedures established by the Office of Administrative Hearings (OAH) as specified in California *Code of Regulations*, Title 1 Sections 1121 through 1126, described below in Section VIII.B.

Termination or suspension of a contract during the contract period may occur when:

1. A contractor fails to correct items of fiscal or programmatic noncompliance within six (6) months of receiving a conditional contract which includes an addendum stating the specific items of noncompliance and the corrective actions necessary to come into compliance; or
2. A contractor engages in serious misconduct posing an immediate threat to health and safety or to State funds for any of the reasons listed in *Education Code* Section 8406.7; or
3. A contractor fails or refuses to make available for examination or copying by an authorized employee of the California Department of Education any records or documents that the contractor is required to retain, upon request by that employee to examine or copy such records or documents; or
4. A contractor refuses to permit an authorized employee of the California Department of Education to enter a facility operated by the contractor during the days and/or hours of operation on file with the California Department of Education, for the purpose of reviewing administrative operations of the contractor or for observing child care and development services provided by the contractor.

Any action by the CDD to terminate or suspend a contract or to reduce the total reimbursable contract amount, as stated in *Education Code* Section 8402(a) through (c), shall be preceded by a notice stating the specific reasons for the action and describing the contractor's appeal rights. If the action is appealed, a copy of this information shall also be submitted to the OAH.

Unless the termination or suspension is for reason(s) specified in *Education Code* Section 8406.7 or imminent danger to the health and welfare of children, the contractor may continue to operate during the appeal process.

B. Formal Appeals Procedures

1. Appeal Petition

The contractor may contest the noticed action by filing an appeal petition by registered mail with the CDD requesting a hearing before the OAH, not later than fifteen (15) calendar days from the service of the notice of action. The petition shall include:

- a. a clear, concise statement of the action being appealed;
- b. the reasons the action is unwarranted; and
- c. any written documentation in support of the appeal.

2. Hearing

If the contractor requests a hearing, it will be held within thirty (30) calendar days of receipt of the petition by the CDD, but at least ten (10) calendar days'

written notice will be given of the time and place of the hearing. An OAH hearing officer will hear evidence submitted by the State and the contractor during the hearing. The hearing will be recorded. The hearing officer may continue hearings, if deemed necessary.

3. The Decision

The hearing officer shall issue a final decision, in writing, within thirty (30) calendar days after the submission of the case. The decision shall be sent by registered mail or personally served on the representatives of the parties by OAH. The decision shall be the final administrative action afforded the contractor.

4. Request for Additional Written Materials on File at CDE

Contractors may request, in writing, any public documents on which the CDE intends to rely from the CDE files at a cost of six (6) cents per page, payable in advance. The CDE will mail the material requested not later than ten (10) days from the receipt of the request.

C. Contractor's Responsibility After Notice of Termination

After receiving notice of the CDD's decision to terminate the contract or to make no offer of continued funding, the contractor shall submit copies to or make available for copying by the CDD all of the following:

1. a current inventory of equipment purchased in whole or in part with contract funds; and
2. the names, addresses and telephone numbers of all staff members funded by the contract;

The State shall only be obligated to compensate the contractor for net reimbursable program costs in accordance with this contract through the date of termination. There shall be no other compensation to the contractor. The State shall offset any monies the contractor owes the State against any monies the State owes under this contract.

IX. CONTRACT STATUS CHANGE PROCEDURES

A. Administrative Review of Changes in Contract Status

Contract performance shall be reviewed at least annually by CDD staff who shall determine by April 1 of each year whether to offer continued funding on a clear contract, continued funding on a conditional basis or to make no offer of continued funding.

If the staff recommends conditional status or no offer of continued funding, the contractor shall be notified in writing of the reasons for the proposed change in contract status by April 7th. The notice of proposed action shall be sufficiently specific to allow the contractor to respond to the factual basis for the proposed action.

If the contractor disagrees with the proposed action, the contractor's response shall be received by the CDD within ten (10) calendar days of receipt of the notice of proposed action. The contractor's response shall include any written materials in support of its position and, if the contractor intends to make an oral presentation, the response shall

so specify.

If the action is being appealed, the staff recommendation and the contractor's response shall be reviewed by an administrative review panel convened by the Director of the CDD within seven (7) calendar days of receipt of the contractor's response. The review panel will consist of representatives of CDD management, the CDFS and CDE's Legal Office, A&I and Contracts Office and a representative of a child care and development service provider familiar with the type(s) of program(s) operated by the contractor.

Upon review of the written submissions, the panel will do one of the following:

1. issue a final decision upholding or modifying the proposed change in status if no oral presentation has been requested;
2. schedule a time and place for an oral presentation by the contractor; or
3. issue a final decision to not change the contract status.

If an oral presentation has been requested, the contractor will be notified by telephone of the time and place of the presentation. The oral presentation will be scheduled no later than fourteen (14) calendar days from receipt of the contractor's response.

At the oral presentation, the contractor or the contractor's representative will have an opportunity to explain any material submitted in its response. While the contractor may present any information or arguments that are relevant to the proposed action, the review panel may set reasonable limits on the scope of the presentation.

Within seven (7) calendar days after the oral presentation, the review panel shall issue and mail to the contractor a decision upholding, reversing or modifying the proposed change in contract status. The decision of the review panel shall be the final action of the CDE with regard to that contract.

B. Conditional Status Imposed During the Contract Period

If the contractor demonstrates fiscal or programmatic noncompliance during the contract period, based on such information as an annual audit report, a contract compliance review, a program quality review, or a change in licensing status, the CDD may place the contract on conditional status for the remainder of the contract period.

The contractor shall receive notice and may request an administrative review of the proposed action as set forth in Section IX.A above, in the event such a change in contract status is recommended by staff of the CDD.

If the contract is placed on conditional status during the last ninety (90) days of the contract period and the contractor is offered continued funding, the contract for the subsequent contract period will also be on conditional status.

C. Conditional Status Addendum

A conditional status contract shall contain a bill of particulars as specified in *Education Code* Section 8406.6 called a Conditional Status Addendum explaining the contract conditions. The Addendum shall include the following:

1. The specific item(s) of noncompliance which the contractor must correct;
2. The specific corrective action(s) which must be taken;
3. The time period within which the contractor must complete the corrections; and
4. Notice that failure to make required corrections will result in termination of the

contract or no offer of continued funding.

If the contractor is placed on conditional status during the contract period a Conditional Status Addendum will be issued by the CDE and the Conditional Status Addendum shall be considered a part of the annual child development contract and binding on the contractor.

D. Duration of Conditional Contract Status

A contractor shall remain on conditional contract status until the contractor has corrected deficiencies and/or has met requirements identified in the Conditional Status Addendum. A contractor with a repayment plan shall remain on conditional contract status and not receive any apportionments until full repayment is made.

A contractor on conditional contract status that is not on a repayment plan shall remain in that status until:

1. The CDE issues written notice to the contractor that the conditional status has been cleared;
2. The contractor is issued a clear contract; or
3. The contract terminates according to its terms

A contractor may request written verification from the CDD that some of the deficiencies have been corrected even if the contractor will not be removed from conditional contract status.

X. RESOLUTION OF CONTRACT ADMINISTRATION DISPUTES

The procedure specified in this Section shall be used to resolve disputes between contractors and the CDE that may arise regarding the interpretation and application of any term or condition of a contract, including, but not limited to, requests for waivers, approval of subcontracts or expenditures requiring approval, requests for reimbursement rate adjustments, or reductions in the total amount of contract reimbursement that are not appealable under Section VIII.A above.

The contractor shall attempt to resolve contract disputes at the lowest staff level within the CDE. If the dispute is not resolved at the lowest staff level, the contractor may appeal the decision by submitting a written description of the issues and the basis for the dispute to the Regional Administrator of the CDD having jurisdiction over the contractor's service delivery area. The Regional Administrator shall make a determination and shall send a written notification of the decision to the contractor, together with the reasons for the decision, within thirty (30) calendar days of the receipt of the appeal by the Regional Administrator.

The contractor may appeal the decision of the Regional Administrator to the Assistant Director of the CDD by submitting a written description of the issues in dispute, and a copy of the Regional Administrator's decision. The Assistant Director of the CDD shall send notification of the decision to the contractor and shall specify the reason(s) for the decision within thirty (30) calendar days of the receipt of the appeal by the Assistant Director. The decision of the Assistant Director of the CDD shall be the final administrative action afforded the contractor.

XI. PROGRAM REQUIREMENTS

It is the intent of the Legislature to improve the retention of qualified child care employees who work with children who receive state-subsidized child care services. (Education Code, Section 8279.7). It is further the intent of the Legislature that communities implementing new

programs or initiatives connect with existing program strategies and build upon existing local collaboratives, when possible, to provide a unified integrated system of services for children and families. (*Education Code*, Section 54744)

The following program requirements are provided to assist the designated legal entity in meeting the legislative intent.

A. Guidelines:

The Local Child Care and Development Planning Councils (LPCs) must follow the Guidelines in developing a county plan for the expenditure of funds allocated to this program. These Guidelines are consistent with the department's assessment of current needs of the subsidized child care workforce. Any county plan developed pursuant to these Guidelines shall be approved by the department prior to the allocation of funds to the LPCs. A copy of the Guidelines is attached to this contract.

B. Fiscal Responsibilities:

This funding is to be utilized to support the retention and training of any qualified child development staff that works with birth to five-year-old children in State-subsidized, Title 5 child development programs. This funding should support collaborative efforts that build on existing local professional staff development activities as well as the existing AB 212 (CRET) approved plans. This funding is to supplement, expand and enhance, but not supplant existing efforts and investments to retain qualified child care staff at the local level.

One percent of the total funding allocation may be used for planning purposes. This includes any costs related to developing the plan. Once the plan is developed, submitted to, and approved by the Child Development Division, LPCs will receive a cost reimbursement contract for the amount specified on the cover page of this contract. Contractors may claim no more than 15 percent of the actual costs incurred, including the 1 percent expended on planning, for administration of the program. Contracts will be issued to the legal entity that currently holds the LPC contract with CDE/CDD. Each LPC must be able to demonstrate that it has systems in place for assuring both fiscal and program accountability for these funds. This includes a fiscal system that conforms to accounting standards for state contracts, and a program documentation system that is able to demonstrate impact of these funds and report the measurable outcomes identified in the plan.

Child Development Fiscal Services will process requests for reimbursement on a quarterly basis based on the submission of a CDFS 9529 (Fiscal Reporting Form) that is sent directly to the Fiscal Analyst assigned to each county. A final CDFS 9529 form (on line at www.cde.ca.gov/fq/aa/cd/documents/cdfs952907.doc) will be required at the end of this contract. This final report is due no later than July 20, 2008 and is sent directly to the Fiscal Analyst assigned to each county.

C. Program Activities:

The funding may be used, for stipends for program participants and to hire substitutes in order to encourage staff to participate in various training activities listed below. Encourage staff to attend regional California Preschool Instructional Network (CPIN) training sessions, or regional Institutes. This includes Environmental Rating Scale training (ECERS-R, ITERS-R, SACERS-R), registration, travel costs and materials cost.

Pay for substitute teacher and teacher assistants so the program directors, site supervisors, teachers, and teacher assistants may attend training sessions, conferences or college unit classes.

Staff participation in the Training of Trainers Institutes for the Program for Infant Toddler Caregivers (PITC) and the roll out of the Infant/Toddler Learning and Development Program Guidelines.

Staff participation in Infant/Toddler and Early Childhood Environmental Rating Scale trainings and Infant/Toddler Foundations training.

Staff participation in on-line college accredited courses related to Desired Results-*r*, Classroom Observations and DRDP-*r* training either on-site in the classroom or off-site.

Staff participation in workshops on Desired Results-Access-for exceptional needs children.

Staff participation in Western Association of Schools and colleges (WASC) accredited, college classes at California community colleges, the California State University and the University of California and Extension classes during the summer months or during the next year.

Staff participation in Leadership training and business/technology education for Program Directors, Site Supervisors, and Master Teachers.

Staff participation in training for all staff that will be working in the new Pre-kindergarten Family Literacy programs.

Staff Participation in training regarding the new Language and Literacy, Mathematics, English Learner and Social-Emotional Development Foundations.

Staff participation in curriculum and integrated lesson plan development workshops.

Staff participation in training on new screening tools and model curriculum related to mental health, language and literacy, child abuse and domestic violence. Some examples are: the Ages and Stages Questionnaire (ASQ); Parental Evaluation of Developmental Status (PEDS); Preventing Child Abuse and Neglect; Parent-Provider Partnerships in Child Care, a curriculum available through Zero to Three; and the English Language and Literacy Classroom Observation Toolkit (ELLCO).

The Child Development Division has recently published a number of new materials that are available through the California Department of Education, CDE Press and the use of these exemplary materials is encouraged in developing training programs for child development staff. Please note the guidance in these documents is not binding on local educational agencies or other entities. Except for the statutes, regulations, and court decisions that are referenced in the documents, compliance with the material is not mandatory as per California *Education Code*, Section 33308.5.

D. Contract Period

The contract period shall be July 1, 2007 through June 30, 2008 (12-month contract).

E. Reporting Requirements and Other Critical Dates

The following is a listing of required activities and due dates that the contractor must

Section I – Introduction

The one-time funding for the Child Development Training and Retention (CDTR) for Los Angeles County will be used to promote two primary goals: 1) Improve the quality of care of child care and development centers and family child care homes; and 2) improve the teaching/caregiving skills of individuals working in child development centers and family child care homes. The following are the program components for which funds will be used:

1. **Stipends** will be provided as incentives for early childhood educators at various professional levels, including teaching staff in CDE-funded child development centers, Family Child Care Home Education Network (FCCHEN), providers and teachers working in programs that do not have a direct contract with CDE who are serving a majority of children subsidized through CDE-funded Alternative Payment agencies. In addition, graduation stipends will be given to applicants who have completed coursework for a BA degree within the application cycle. Teaching staff in CDE-funded programs will continue to have first priority for stipends.
2. **Training**
 - For supervisory/management-level staff of CDE-funded programs, FCCHEN, and management staff of programs serving a majority of children subsidized through CDE-funded Alternative Payment programs to enhance the capacity of program managers to plan, implement, and sustain practices related to staff retention and quality improvement.
 - Training on the use of early developmental screening instruments (such as ASQ, ASQ-SE, and PEDS, PEDS-DM) and the promotion of protective factors which strengthen the ability of families to support the healthy development of their children.
 - Training for teaching staff and providers on working effectively with English Language Learners.
 - Training on child abuse prevention.
 - Training for family child care related to high quality infant care.
 - Training related to linking developmentally appropriate practice with the use of Desired Results Developmental Profiles-Revised

The training will be organized and paid by the CDTR funds so that it is free for participants; or the registration fees will be paid for participating individuals.
3. **Collaboration** with the community colleges in developing curricula for core child development courses that all colleges in the Los Angeles Community College system would adopt and that would meet the requirements of California State Universities for transferable units.
4. **Orientation** on the Steps to Excellence Program (STEP) quality rating scale.
5. **Stipends for programs, family child care and FCCHEN** participating in the STEP pilot and participating in training as described above. These stipends would be issued based on completion of quality improvement plans submitted by participating programs, providers, and networks.
6. **Reimbursements for substitutes** that will allow classroom teachers and family child care providers to participate in various training activities.
7. **Stipends to directors, supervisors, teachers, and providers** for attending non-credit bearing training.

Section II – Current Needs and Resources

The data from the Investing in Educators Stipend Program (2006) evaluation report, which included persons working in CDE/CDD-funded child development centers, indicated that the stipends had acted as an incentive to continuing or engaging in higher education for most applicants. It also indicated that 93% of all stipend recipients continued to work in the field of child care and development, most with their original employers. Other data from the evaluation report showed that the education levels of stipend applicants are: 21% have some college; 42% hold Associate of Arts (AA) degrees; and 25% hold Bachelor of Arts (BA) degrees. While these numbers suggest real progress in promoting higher educational attainment (fewer participants with “some college” and more participants with BA degrees than in 2001), there remains a significant difference in the number of those with an AA and those with BA degrees.

The results of the California Early Care and Education Workforce Study (2006) indicated that turnover in CDE-funded programs is 9%, per year, compared with 18-22% turnover in non-subsidized programs. The Los Angeles County specific data on compensation revealed that programs that do not have a direct contract with CDE:

- Required lower academic standards of their staff (only 12 units for a teacher in a for-profit program, compared to 24 units in a publicly-funded program);
- Paid lower salaries and offered fewer benefits (average highest wage for a teacher in a for-profit program was \$13.70 per hour compared to \$17.35 per hour in a publicly-funded program); and
- Had higher teacher turnover rates (21% for for-profit programs, compared to 9% for publicly-funded programs).

Given these factors, there is a need to provide retention support, incentives for higher education, and support for quality improvements to child development staff working in these centers and family child care homes serving children subsidized through a CDE-funded Alternative Payment program.

The California Early Care and Education Workforce Study also indicated that nearly 50% of all children entering kindergarten in Los Angeles County are dual language learners. Only 34% of center teachers and 18% of family child care providers had any training in working with dual language learners. This indicates a gap in the qualifications necessary to effectively work with whose first language is not English. Much more, frequent, and in-depth training in working with dual language learners is required.

Retaining qualified staff is also a matter of creating a positive and supportive work environment. This in turn is related to the overall quality of the program or family child care home. The Los Angeles County Policy Roundtable for Child Care has developed a quality rating scale that looks at all aspects of the child care and development environment, including staff qualifications, working environment, learning environment, adult/child interactions, and family and community engagement. STEP is intended to provide parents with objective information on the quality of individual programs. In addition, STEP offers child care providers a clear set of standards that impact child care quality, as well as a road map and the resources to improve the quality of services in centers and family child care homes.

There are many sources of training and support existing in Los Angeles County which will be utilized in piloting STEP and in coordinating an expanded array of training for early childhood teachers and providers. Among the possible partners in providing these training and quality improvement resources are: UCLA Center for Improving Child Care, Los Angeles Community College Consortium, Los Angeles County Office of Education, West Ed, Child Development Institute, and the Child Abuse Prevention Center.

Section III – Priorities

1. Teaching staff in CDE-funded centers that hold a valid Child Development Permit, or that have applied for a permit; are working at least 15 hours a week directly with children in a CDE-funded child development program; and complete at least 3 units of college coursework will earn stipends.
2. Family child care providers and their assistants participating in FCCHEN CDE-funded, who hold a valid Child Development Permit, or who have applied for a permit; are working at least 15 hours a week directly with children; and complete a minimum of 3 units of college coursework will earn stipends. Applicants in this category will submit their applications through the FCCHEN coordinator in order to have their status as network providers verified.
3. Licensed family child care providers, their assistants, and teaching staff in programs serving a majority of children subsidized through a CDE-funded Alternative Payment agency at the time of application, who are working a minimum of 15 hours per week directly with children, who complete a minimum of 3 units of college course work, and have applied for or hold a Child Development Permit will earn a stipend. To verify that the participating family child care home or center is serving a majority of children subsidized by a CDE-funded Alternative Payment agency, each applicant must attach a copy of the payment invoice or summary, or contracts provided by the Alternative Payment agency that reimburses the home provider/center for the care of subsidized children. These invoices or contracts list the children currently in care and being subsidized through CDE. The director or provider must also provide their current enrollment number so that Los Angeles County AB 212 staff can calculate the percentage of subsidized children served at the time the stipend application is submitted.

We estimate that stipend amounts will range from \$1-\$3 thousand depending on the number of units completed. Actual stipend awards may be adjusted depending on the availability of funds and the number of applicants. Extra assistance will be provided to teaching staff and family child care providers who have not yet obtained a permit and who may need extra help in connecting with community colleges and selecting appropriate classes.
4. Those graduating with an AA, BA, or MA degree within the stipend cycle will also receive a graduation stipend if the degree is in Child Development or a closely related field. This will provide a further incentive for those considering continuing toward a degree.
5. Programs (centers); family child care homes, and FCCHEN serving the following cities/communities: Inglewood, Long Beach, Pasadena, Palmdale, Pomona, Santa Monica, Florence/Firestone, Pacoima/Arleta, and Wilmington, who will be participating in STEP.
6. Child development staff in-site supervisor, director, or other management positions will be invited to participate in management/leadership related-training events and may receive stipends for their participation
7. Individual teachers and providers who participate in the multi-session training and are not claiming a stipend for completed coursework may receive a stipend for participation in the training described in Section I.
8. Programs and providers sending staff or attending training could access a reimbursement for substitute costs.
9. College instructors from the Los Angeles Community College Consortium as well as from other community colleges who participate in the development of curriculum for core child development coursework.

Section IV – Measurable Outcomes

1. Approximately 1,000 stipends will be paid to child development staff in CDE-funded programs, in FCCHEN, and to staff and family child care providers in programs and homes serving a majority of children subsidized through a CDE-funded Alternative Payment agency. These child development staff will have earned at least 3 units of college credit to advance their educational goals.
2. Approximately 50 graduation stipends will be given to those earning AA, BA, or MA degrees in Child Development or closely related fields.
3. Approximately 100 child development supervisory or management staff will receive training.
4. Up to 20 stipends will be paid to FCCHEN who assist in coordinating training for their providers.
5. Approximately 100 centers will receive quality improvement stipends based on required quality improvement plans submitted as part of the participation in the STEP pilot, and to further their efforts begun with the training opportunities provided through the CDTR funds.
6. Registration fees will be paid for up to 100 individuals who attend training that has not been directly sponsored by the Child Care Planning Committee through the Office of Child Care.
7. Approximately 100 family child care homes, whose providers are eligible to apply for the education stipend (#1) will receive quality improvement stipends based on required quality improvement plans, submitted as part of the participation in the STEP pilot, and to further their efforts begun with the training opportunities provided through the CDTR funds.

AA. JURY SERVICE PROGRAM COMPLIANCE

- 1. This Agreement is subject to the provisions of the COUNTY'S ordinance entitled Contractor Employee Jury Service ("Jury Service Program") as codified in Sections 2.203.010 through 2.203.090 of the Los Angeles County Code.
- 2. Written Employee Jury Service Policy.

- a) Unless CONTRACTOR has demonstrated to the County's satisfaction either that CONTRACTOR is not a "Contractor" as defined under the Jury Service Program (Section 2.203.020 of the County Code) or that CONTRACTOR qualifies for an exception to the Jury Service Program (Section 2.203.070 of the County Code), CONTRACTOR shall have and adhere to a written policy that provides that its Employees shall receive from the CONTRACTOR, on an annual basis, no less than five days of regular pay for actual jury service. The policy may provide that Employees deposit any fees received for such jury service with the CONTRACTOR or that the CONTRACTOR deduct from the Employee's regular pay the fees received for jury service.
- b) For purposes of this Section, "Contractor" or CONTRACTOR means a person, partnership, corporation or other entity which has a contract with the COUNTY or a subcontract with a COUNTY contractor and has received or will receive an aggregate sum of \$50,000 or more in any 12-month period under one or more COUNTY contracts or subcontracts. "Employee" means any California resident who is a full time employee of CONTRACTOR. "Full-time" means 40 hours or more worked per week, or a lesser number of hours if: 1) the lesser number is a recognized industry standard as determined by the COUNTY, or 2) CONTRACTOR has a long-standing practice that defines the lesser number of hours as full-time. Full-time employees providing short-term, temporary services of 90 days or less within a 12-month period are not considered full-time for purposes of the Jury Service Program. If CONTRACTOR uses any subcontractor to perform services for the COUNTY under the Agreement, the subcontractor shall also be subject to the provisions of this Section. The provisions of this Section shall be inserted into any such subcontract agreement and a copy of the Jury Service Program shall be attached to the Agreement.
- c) If CONTRACTOR is not required to comply with the Jury Service Program when the Agreement commences, CONTRACTOR shall have a continuing obligation to review the applicability of its "exception status" from the Jury Service Program, and CONTRACTOR shall immediately notify COUNTY if CONTRACTOR at any time either comes within the Jury Service Program's definition of "Contractor" or if CONTRACTOR no longer qualifies for an exception to the Program. In either event, CONTRACTOR shall immediately implement a written policy consistent with the

Jury Service Program. COUNTY may also require, at any time during the Agreement and at its sole discretion, that CONTRACTOR demonstrate to the COUNTY'S satisfaction that CONTRACTOR either continues to remain outside of the Jury Service Program's definition of "Contractor" and/or that CONTRACTOR continues to qualify for an exception to the Program.

- d) CONTRACTOR'S violation of this Section of the Agreement may constitute a material breach of the Agreement. In the event of such material breach, COUNTY may, in its sole discretion, terminate the Agreement and/or bar CONTRACTOR from the award of future COUNTY contracts for a period of time consistent with the seriousness of the breach.

BB. LICENSES, PERMITS, REGISTRATIONS AND CERTIFICATES

CONTRACTOR shall obtain and maintain in effect during the term of this Agreement, all licenses, permits, registrations and certificates, if any, required by law, which are applicable to the performance of this Agreement, and shall further ensure that all of its officers, employees and agents who perform services hereunder obtain and maintain in effect during the term of this Agreement, all licenses, permits, registrations and certificates required by law which are applicable to their performance of services hereunder.

The work not performed and the amount to be withheld or deducted from payments to CONTRACTOR from COUNTY, will be forwarded to CONTRACTOR by COUNTY, or his/her designee, in a written notice describing the reasons for said action.
2. If COUNTY determines that there are deficiencies in the performance of this Agreement that COUNTY deems are correctable by CONTRACTOR over a certain time span, the COUNTY will provide a written notice to CONTRACTOR to correct the deficiency within specified time frames. Should

CONTRACTOR fail to correct deficiencies within said time frame, COUNTY may:

(a) Deduct from CONTRACTOR'S payment, pro rata, those applicable portions of the Monthly Contract Sum; and/or

(b) Deduct liquidated damages. The parties agree that it will be impracticable or extremely difficult to fix the extent of actual damages resulting from the failure of CONTRACTOR to correct a deficiency within the specified time frame. The parties hereby agree that under the current circumstances a reasonable estimate of such damages is One Hundred Dollars (\$100) per day per infraction, and that CONTRACTOR shall be liable to the COUNTY for liquidated damages in said amount. Said amount shall be deducted from COUNTY'S payment to CONTRACTOR; and/or

(c) Upon giving five (5) days notice to CONTRACTOR for failure to correct the deficiencies, COUNTY may correct any and all deficiencies and the total costs incurred by COUNTY for completion of the work by an alternate source, whether it be COUNTY forces or separate private contractor, will be deducted and forfeited from the payment to CONTRACTOR from COUNTY, as determined by COUNTY.

3. The action noted in Sub-paragraph 2 shall not be construed as a penalty, but as adjustment of payment to CONTRACTOR to recover COUNTY cost due to the failure of CONTRACTOR to complete or comply with the provisions of this Agreement.
4. This Sub-paragraph shall not, in any manner, restrict or limit COUNTY'S right to damages for any breach of this Agreement provided by law and shall not, in any manner, restrict or limit COUNTY'S right to terminate this Agreement as agreed to herein.

 6. CONTRACTOR shall allow COUNTY representatives access to CONTRACTOR's employment records during regular business hours to verify compliance with the provisions of this sub-paragraph when so requested by COUNTY.
 7. If COUNTY finds that any provisions of this sub-paragraph have been violated, such violation shall constitute a material breach of this Agreement upon which COUNTY may terminate or suspend this Agreement. While COUNTY reserves the right to determine independently that the anti-discrimination provisions of this Agreement have been violated, in addition, a determination by the California Fair Employment Practices Commission or the Federal Equal Employment Opportunity Commission that CONTRACTOR

has violated Federal or State anti-discrimination laws or regulations shall constitute a finding by COUNTY that COUNTY has violated the anti-discrimination provisions of this Agreement.

8. The parties agree that in the event CONTRACTOR violates any of the anti discrimination provisions of this Agreement, COUNTY shall, at its sole option, be entitled to the sum of Five Hundred Dollars (\$500) for each such violation pursuant to California Civil Code Section 1671 as liquidated damages in lieu of terminating or suspending this Agreement.

CONTRACTOR shall be liable to COUNTY for any incremental and excess costs for such similar services; or
3. 4. Upon termination of this agreement, CONTRACTOR shall adhere to the termination provisions of Paragraph PP, TERMINATION FOR CONVENIENCE OF THE COUNTY, herein above.

RR. TERMINATION FOR IMPROPER CONSIDERATION

intent of securing this Agreement or securing favorable treatment with respect to the award, amendment or extension of this Agreement or the making of any determinations with respect to CONTRACTOR's performance pursuant to this Agreement. In the event of such termination, COUNTY shall be entitled to pursue the same remedies against CONTRACTOR as it could pursue in the event of default by CONTRACTOR.

In the event that funds are not appropriated for this Agreement, then this Agreement shall terminate as of June 30 of the last fiscal year for which funds were appropriated. COUNTY shall notify CONTRACTOR in writing of any such non-allocation of funds at the earliest possible date.

TT. VALIDITY

The invalidity in whole or in part of any provision of this Agreement shall not void or affect the validity of any other provision.

UU. WAIVER

No waiver of a breach of any provision of this Agreement by COUNTY shall constitute a waiver of any other breach of said provision or any other provision of this Agreement. Safely Surrendered Baby Law

*Babies can
be safely
surrendered
to staff at any
hospital or fire
station in
Los Angeles
County*

What is the Safely Surrendered Baby Law?

California's Safely Surrendered Baby Law allows parents or other persons, with lawful custody, which means anyone to whom the parent has given permission to confidentially surrender a baby. As long as the baby is three days (72 hours) of age or younger and has not been abused or neglected, the baby may be surrendered without fear of arrest or prosecution.

Every baby deserves a chance for a healthy life. If someone you know is considering abandoning a baby, let her know there are other options. For three days (72 hours) after birth, a baby can be surrendered to staff at any hospital or fire station in Los Angeles County.

How does it work?

A distressed parent who is unable or unwilling to care for a baby can legally, confidentially, and safely surrender a baby within three days (72 hours) of birth. The baby must be handed to an employee at a hospital or fire station in Los Angeles County. As long as the baby shows no sign of abuse or neglect, no name or other information is required. In case the parent changes his or her mind at a later date and wants the baby back, staff will use bracelets to help connect them to each other. One bracelet will be placed on the baby, and a matching bracelet will be given to the parent or other surrendering adult.

What if a parent wants the baby back?

Parents who change their minds can begin the process of reclaiming their baby within 14 days. These parents should call the Los Angeles County Department of Children and Family Services at 1-800-540-4000.

Can only a parent bring in the baby?

No. While in most cases a parent will bring in the baby, the Law allows other people to bring in the baby if they have lawful custody.

Does the parent or surrendering adult have to call before bringing in the baby?

No. A parent or surrendering adult can bring in a baby anytime, 24 hours a day, 7 days a week, as long as the parent or surrendering adult surrenders the baby to someone who works at the hospital or fire station.

Does the parent or surrendering adult have to tell anything to the people taking the baby?

No. However, hospital or fire station personnel will ask the surrendering party to fill out a questionnaire designed to gather important medical history information, which is very useful in caring for the baby. The questionnaire includes a business reply envelope and can be sent in at a later time.

What happens to the baby?

The baby will be examined and given medical treatment. Upon release from the hospital, social workers immediately place the baby in a safe and loving home and begin the adoption process.

What happens to the parent or surrendering adult?

Once the parent or surrendering adult surrenders the baby to hospital or fire station personnel, they may leave at any time.

Why is California doing this?

The purpose of the Safely Surrendered Baby Law is to protect babies from being abandoned, hurt or killed by their parents. You may have heard tragic stories of babies left in dumpsters or public bathrooms. Their parents may have been under severe emotional distress. The mothers may have hidden their pregnancies, fearful of what would happen if their families found out. Because they were afraid and had no one or nowhere to turn for help, they abandoned their babies. Abandoning a baby is illegal and places the baby in extreme danger. Too often, it results in the baby's death. The Safely Surrendered Baby Law prevents this tragedy from ever happening again in California.

A baby's story

Early in the morning on April 9, 2005, a healthy baby boy was safely surrendered to nurses at Harbor-UCLA Medical Center. The woman who brought the baby to the hospital identified herself as the baby's aunt and stated the baby's mother had asked her to bring the baby to the hospital on her behalf. The aunt was given a bracelet with a number matching the anklet placed on the baby; this would provide some identification in the event the mother changed her mind about surrendering the baby and wished to reclaim the baby in the 14-day period allowed by the Law. The aunt was also provided with a medical questionnaire and said she would have the mother complete and mail back in the stamped return envelope provided. The baby was examined by medical staff and pronounced healthy and full-term. He was placed with a loving family that had been approved to adopt him by the Department of Children and Family Services.

Title 2 ADMINISTRATION
Chapter 2.203.010 through 2.203.090
CONTRACTOR EMPLOYEE JURY SERVICE

2.203.010 Findings.

The board of supervisors makes the following findings. The county of Los Angeles allows its permanent, full-time employees unlimited jury service at their regular pay. Unfortunately, many businesses do not offer or are reducing or even eliminating compensation to employees who serve on juries. This creates a potential financial hardship for employees who do not receive their pay when called to jury service, and those employees often seek to be excused from having to serve. Although changes in the court rules make it more difficult to excuse a potential juror on grounds of financial hardship, potential jurors continue to be excused on this basis, especially from longer trials. This reduces the number of potential jurors and increases the burden on those employers, such as the county of Los Angeles, who pay their permanent, full-time employees while on juror duty. For these reasons, the county of Los Angeles has determined that it is appropriate to require that the businesses with which the county contracts possess reasonable jury service policies.
